CITIZENSHIP DEFINED

Two Letters From Secretary Gresham on the Subject.

BOTH WERE SENT TO HONOLULU.

They Relate to the Two Men Convicted of Treason Who Claimed the Protection of the United States—A Different View Taken From That by Great Britain on the Same Subject.

SAN FRANCISCO, May 17.—Additional advices brought from Honolulu by the steamer Australia, under date of May 8, have an important bearing upon the question of the treatment to be accorded the prisoners, convicted by court-martial of treason, and of persons deported for the same offense who have appealed to the government of the United States for protection, claiming to be citizens of that country.

The most notable were the cases of J. Cranston, deported to Vancouver and J. F. Bowler, sentenced to five years imprisonment and \$5,000 fine. In each of these cases appeals were made to the United States government for protection. The action of the department of state in behalf of these cases has been made known to the friends of the men here and the formal letters of Secretary Gresham are now being published as indicating the attitude the state department at Washington has assumed toward the whole question of citizenship of Americans who have become at any time attached to the Hawaiian and particular as showing an essential difference in the view of this subject taken by the governments of the United States and Great Britain as revealed in the attitude of the latter in the case of Walker and Rickard, alleged to be British subjects.

The correspondence is made up of two letters, the first touching the Cranston case, being as follows:

DEPARTMENT OF STATE,
WASHINGTON, Feb. 25.

A. S. Willis, Esq., Honolulu:

SIR—I have to acknowledge the receipt of your No. 85 of the 5th inst. in relation to affairs in Hawaii, and particularly in relation to the forcible deportation on the 22d inst. of three men, one of whom, Mr. J. Cranston, claims to be a citizen of the United States. I enclose herewith copies of certain depositions made by Mr. Cranston in the 11th and 12th inst. before Mr. Peterson, the commercial agent of the United States, at Vancouver. These depositions leave the question of Mr. Cranston's nationality in doubt, and Mr. Peterson has been instructed to obtain further statements from him on that subject.

Under these circumstances the department does not now instruct you to make any representation to the Hawaiian government in regard to Mr. Cranston but it is proper to express to you, for your own guidance in similar cases should they arise, the views here entertained in regard to the course of action taken in that case. It appears that after having been kept in jail for nearly a month without any charges having been made against him he was taken under a heavy guard to a steamer and would in spite of his request to see you have been deported without having had an opportunity then to do so, had it not been for the accidental but timely interposition of the British commissioner.

You state that when you asked the attorney general for an explanation of the proceeding he replied that the cabinet had determined to deport the men "in the exercise of the arbitrary power conferred by martial law," as this was the only explanation he gave it is assumed that it was all he had to offer, and he gave it without suggesting any question as to Mr. Cranston's nationality.

If the position thus assumed be sound the very proclamation of martial law in Hawaii renders all foreigners there residing, including Americans, liable to arrest and deportation without cause and without any reason other than the fact that the executive power will sit. They may be taken from their homes and their business, they may be deprived of their liberty and banished, they may be denied the ordinary as well as the special treaty rights of residence, without offense or inconduct on their part, simply in the exercise of "arbitrary power."

To state such a proposition is, in the opinion of the president, to refute it.

Truly viewed—says an eminent author, "martial law can only change the administration of the laws, give them a rapid force, and make their penalties certain and effectual; not abrogate what was the justice of the community before. The civil courts are in part, or fully suspended; but, in reason, the new summary tribunals should govern themselves in their proceedings as far as circumstances admit, by establishing principles of justice, the same which had before been recognized in the courts." (Bishop's criminal law Section 45) In view of what has been stated, your course in protesting against the position assumed by the attorney general of Hawaii is approved.

I am, sir, your obedient servant,

W. Q. GRESHAM.

The second letter relates to the Bowler case and is as follows:

DEPARTMENT OF STATE,
WASHINGTON, April 5.

Albert S. Willis, Esq., Honolulu:

SIR—It appears from your No. 88 of Feb. 28 that on the 22d of that month J. F. Bowler was convicted before a military commission sitting at Honolulu for participation or complicity in the disturbance or uprising in Hawaii early in January and sentenced to imprisonment at hard labor for five years and pay a fine of \$5,000; that he now claims protection as an American citizen, and that the Hawaiian authorities assert he is not entitled to such protection because he is a naturalized citizen of that government.

When Mr. Bowler left this country and

went to Hawaii does not appear, but on March 18, 1895, he voluntarily took an oath to support the constitution and laws of the Hawaiian Islands and bear true allegiance to the king without expressly renouncing or receiving his allegiance to the United States. Section 432 of the statute prescribing this oath (compiled laws of Hawaii, 1884), provides that every foreigner so naturalized shall be deemed for all purposes a native of the islands, subject only to their laws and entitled to their protection and no longer amenable to his native sovereign while residing in the kingdom, nor entitled to resort to his native country for protection or intervention, that for every such resort he shall be subjected to the penalties annexed to rebellion, and that having been thus naturalized, he shall be entitled to all the rights and immunities of a Hawaiian subject.

I am informed that the supreme court of Hawaii has held that the taking of this oath operates to naturalize the alien and admit him to full citizenship. It is not claimed that since 1895 Mr. Bowler ever returned to the United States or resided elsewhere than on the islands.

This government has never held to the doctrine of perpetual allegiance; on the contrary, from its organization it has maintained that the right to throw off one's natural allegiance and assume another is inalienable. "Expatriation," said Attorney General Black in 1859, "includes not only emigration out of one's native country, but naturalization in the country adopted as a future residence."

The effect of naturalization is to place the adopted citizen in the same relation to the government as native citizens or subjects. The right of the Hawaiian government with his consent to adopt Mr. Bowler as fully as if he had been born upon its soil is as clear as his right to expatriate himself. He manifested his intention of abandoning his American citizenship by taking the oath to support the constitution and laws of Hawaii and bear true allegiance to taking and so far as known he manifested no contrary intention before his arrest.

That oath is inconsistent with his allegiance to the United States. By taking it he obligated himself to support the government of his adoption, even to the extent of fighting its battles in the event of war between it and the country of his origin. He could not bear true allegiance to both governments at the same time.

The president directs that you inform Mr. Bowler he is not entitled to the protection of the United States, that in similar cases you will be guided by the views herein expressed and that you furnish the minister of foreign affairs with a copy of this instruction.

I am, sir, your obedient servant,

W. Q. GRESHAM.

REVOLUTION NEAR.

The Present Republic Will Be Overthrown and a Monarchy Established.

SAN FRANCISCO, May 17.—A local paper prints the following: Private letters received from Honolulu by the steamer Australia declare that a change of administration will soon occur there and that the change is advocated by no less personage than ex-Minister Thurston. The information comes from a most reliable source and can not be questioned. According to the letters received, all that is preserving the present government is the fact that it possesses the arms necessary to quell another outbreak, and is exerting itself in its efforts to prevent the landing of contraband arms. It is well known that the government force numerically, are greatly in the minority, and no one has been made to realize this more than Minister Thurston.

At a recent conference between Minister Thurston and President Dole and other members of his cabinet the former declared that the only hope of permanent peace on the islands will be realized in placing Princess Kaiulani in the position which the former monarchy proposed that she should some day have.

Mr. Thurston is reported to have advocated this step so strongly that President Dole and his cabinet became alarmed and have since given the matter many hours of consideration.

Passengers on the Australia have confirmed the fact that the republic is on its last legs. Various big organizations are breaking away from President Dole and the opposing forces, which were somewhat subdued after the recent uprising by the show of arms made by the government, are now becoming more bold.

"An alarm is likely to be sounded any night," remarked one passenger, "and if it is, you can expect to hear of the downfall of the republic. There is no escape for it. The people are dissatisfied, and particularly the Americans, who, if aroused, will find at their sides all the assistance they need to effect a complete change in the government."

"Minister Thurston's uneasiness has become so apparent to the opposing forces that the latter have gained more courage. The fact that Mr. Thurston favors a change is no longer a secret and when we left Honolulu it was common talk that he was then planning to carry out to a successful end the conversion of the republic back to a monarchy."

Bad Blood Stirred Up.

GUTHRIE, O. T., May 17.—In Woods county, farmers who had been harassed by claim contesters, organized and attempted to drive their opponents from the county by White Cap methods. As a result 28 settlers have been arrested on the charge of conspiracy. Much bad blood is being stirred up and it is believed there will yet be a number of killings.

Powder Factory Explodes.

DOLLAR BAY, Mich., May 17.—The powder factory here exploded shortly before 1 o'clock yesterday afternoon. Fred Shepperd, the only man in the mixing house, was killed by the explosion. The works were badly damaged. They had just been rebuilt, having blown up with a loss of life at the noon hour two months ago.

MINERS CALLED OUT

Those in the Pittsburg District Will Stop Work.

THEY WILL CAMP AT THE PITS.

The Operators Say They Will Bring New Men Into Their Mines and If They Do There Will Likely Be Serious Trouble. Ohio Miners Creating No Disturbance. Miners' Troubles Elsewhere.

PITTSBURG, May 17.—A resolution ordering a general suspension of work in all the mines in the Pittsburg district, was adopted at the miners' convention here yesterday. It was also decided to establish camps at all the pits working below the rate. The convention was one of the largest ever held here, and the sentiment of the men was for calling out all the miners who were working for the 61-cent rate or for the 60-cent rate. Many of the delegates favored demanding 71 cents, but it was finally decided to demand the old wages.

The delegates left for their homes yesterday evening to ascertain the sentiment among the miners and will return and report to the convention. There was a meeting of operators and miners after the convention, but both sides were firm and nothing was accomplished. The operators say they will now bring new men into their mines. If they do, there will likely be serious trouble.

OHIO MINERS QUIET.

No West Virginia Coal Was Stopped Along the Wheeling and Lake Erie Road.

MARSHFIELD, O., May 17.—The reported outbreak of the miners between Lamerton and Dillonvale, on the Wheeling and Lake Erie railway, is absolutely denied by Superintendent Stont and all the Wheeling and Lake Erie officials.

It was said that the miners had gathered along the tracks in great numbers and had detained passing trains with the expectation of stopping any West Virginia coal found in transit. Superintendent Stout thinks that the stories originated with discharged employees, who circulated them for a malicious purpose.

Michael Ratcliff, state president of the miners' union, doubts whether any disturbance has taken place, as he would have received word from there had anything unusual occurred.

No Disturbance at Pocomtous.

KEYSTONE, W. Va., May 17.—Pocomtous has been quiet. Some apprehension was felt among the military of an outbreak yesterday evening, and they were kept near their quarters. The old miners have been anxious to know how the new miners were doing, but the closest watch has been kept upon the miners and no one admitted in the coal company's grounds.

Mr. Lawless is now assisted by W. C. Webb of Kentucky, member of national executive board of United Mine Workers.

COAL MINERS STARVING.

Distressing State of Affairs in Osage County, Kansas.

TOPEKA, May 17.—Governor Morrill is greatly worried about the distressing state of the coal miners and their families at Scranton, 20 miles south of Topeka, in the adjoining county of Osage. These people are suffering for the necessities of life because they can not get work. It has been claimed that the railroads discriminating against Osage county in rates, but the railroad commissioners deny this, and the Santa Fe company says it can not reduce the rate nor use any more coal than at present is supplied them.

The governor has done all he appears able to do in sending \$41 in money, the balance remaining in the legislative fund left over from the appropriation for western Kansas sufferers.

In talking to a reporter, a Scranton man said: "We find the situation is much worse than we supposed, for while there are between 25 and 30 families suffering for food today that number is sure to be doubled within a week as our hard time has only commenced. Our people refuse to acknowledge their need until driven to it by the suffering of their children. A large number of them would rather starve than accept charity, and I have discovered that several families we visited where we were assured they did not need aid actually had nothing in the house to eat at the time. The merchants are doing the best they can for the miners."

"Since the railroads have gone into coal mining, freight rates are so arranged that coal can be hauled from southeast Kansas to Topeka and sold for less than we can market our coal."

Yesterday was pay day at the mines and for the first two weeks in May 41 men received \$53.

"There is just one thing that will help us," said Manager Chappell, "and that is an adjustment of freight rates."

Smart Money paid.

LONDON, May 17.—In compliance with the agreement under which the British men-of-war withdrew from Nicaragua on condition that the smart money, amounting to \$75,000, demanded by Great Britain for the expulsion of Consul Hatch, be paid in London within 15 days, that amount of money was yesterday covered into the treasury of Great Britain on behalf of Nicaragua by Senor Chrisanto Medina, minister to London for Salvador, who has acted for Nicaragua in London throughout the episode thus closed.

TO END THE REBELLION.

A Series of Reforms Is About to Be Instituted in Cuba.

WASHINGTON, May 17.—Unofficial reports reaching here are to the effect that General Campos has advised the Spanish government to allow him to institute a series of reforms in Cuba as a means of bringing the rebellion to an end. It is stated that the Spanish minister of colonial affairs has approved the plan and that it will be put into execution at an early day. It was by such means that General Campos brought the former rebellion to an end. Spain was slow, however, in carrying out the promised plan of reform and it is claimed that some of the promises were never kept. This has stimulated the present outbreak.

It is said that an offer of settlement at the present time, in order to be acceptable to the rebel leaders, would have to include autonomy or home rule for Cuba, expenditure of the income from Cuban taxes on internal improvements instead of for Spanish war and naval expenses, amnesty to all engaged in the present uprising and the full execution of reforms promised in 1878. The conservative classes of Cuba are said to be anxious for such a settlement, and the radical element, it is thought, is too much reduced by defeats to lose the opportunity of an honorable peace assuring their personal safety.

Americans Released From Prison.

WASHINGTON, May 17.—A dispatch received by Acting Secretary of State Uhl from United States Consul Hyatt, at Santiago, Cuba, announces the satisfactory termination of the cases of Bolton and Richlieu, two American sailors found adrift in a small boat off the eastern coast of Cuba, and arrested and confined on the charge of being implicated in the rebellion. Consul Hyatt at once took up their defense, and after many weeks he writes, under date of the 4th inst., that upon his application the Spanish officials have released the men unconditionally, and that he will ship them back to the United States at the first opportunity.

Spaniards Win Again.

MADRID, May 17.—A cable dispatch from Havana to El Imparcial says that the insurgents attacked the Spanish at Cristo, a short distance north of Santiago de Cuba. A bloody fight ensued, which the Spaniards won, inflicting a heavy loss on the enemy.

HIS LAST VOYAGE.

Rear Admiral Almy Passes Peacefully Away at His Washington Home.

WASHINGTON, May 17.—Rear Admiral John J. Almy, U. S. N., retired, died here Thursday after a long illness, aged 81 years. For the past three weeks his family has known that the end was a question of only a short time. Mrs. Almy, Miss Almy and the eldest son, Charles G. Almy, were at his bedside when the end came. He leaves two other sons, Lieutenant William A. Almy of the Fifth cavalry, Lieutenant Augustus C. Almy of the navy and another daughter, the wife of Lieutenant John T. Haines, now stationed at Springfield, Mass.

Admiral Almy was born in Newport, R. I., April 24, 1814. He entered the navy as a midshipman in 1839, and rose through the successive grades to be commodore Dec. 30, 1869, and rear admiral Aug. 24, 1872. He served 56 years and 11 months, until his retirement in July, 1877. As midshipman and lieutenant he cruised all over the world, in the old sailing navy; was at the surrender of Walker and his filibusters; commanded the Fulton in the expedition to Paraguay; was at the siege of Vera Cruz, and the capture of Tuxpan, during the Mexican war, and was commander at the Brooklyn navyyard in 1861 and 1862.

During his service as commander he had charge successively of the gunboats South Carolina, Connecticut and Juniata. While in command of the Connecticut he captured four noted blockade runners, with valuable cargoes, and four others were chased to the shore and destroyed. As captain he commanded the Juniata until 1867, when he was assigned to the Brooklyn navyyard, then to the signal corps and, after a cruise to the Pacific, was retired.

Gang of Robbers at Work.

CHARLESTON, W. Va., May 17.—A special from Alderson, Monroe county, states that some time Wednesday night burglars entered the only bank of that town, blew open the safe and carried off \$5,000, practically all it contained, as most of its funds were deposited at Roncove, 30 miles distant, this bank having no vault. The robbers escaped, leaving no clue. Monday night the postoffice and a hardware store were robbed, another store's cash drawer was looted, the burglars securing about \$100 in all. It is thought an organized gang is at work.

Traced to Detroit.

DETROIT, May 17.—M. H. Hannon, a farmer living near Briant, Ind., made an unsuccessful search in this city yesterday for C. L. Whitman, who is the husband of Hannon's eldest daughter, and who eloped last Tuesday with his wife's younger sister. The couple were readily traced to this city, and are believed to be in hiding here.

Longshoremen's Troubles in New Orleans.

NEW ORLEANS, May 17.—An attack was made on colored longshoremen by white longshoremen yesterday in Gretna, Jefferson parish. The colored men were loading the steamship Orion, when the white men attacked and fired several shots. The negroes fled in all directions. The foreman, Dick Smothers, was shot in the leg. The bullet, a 44-caliber, has been extracted. The other negroes escaped. Work is entirely suspended. No arrests.

REFORMS IN ARMENIA

Demands Made of the Sultan by the Powers.

WILL PROBABLY BE ACCDED TO.

Christians or Mussulman to Be Appointed Governors and Vice Governors—A Tax System Exactly Opposite the Present One—Judicial Reforms—Compulsory Religion Strictly Forbidden.

CONSTANTINOPLE, May 17.—The note presented to the sultan by the representatives of the powers respecting reforms in Armenia comprises 25 closely written quarto pages. Among the measures preliminary to the reforms the note demands the appointment of a high commissioner, general amnesty for and release of all political prisoners, the revision of certain judgments and the appointment of a commission to sit at Constantinople, charged with the surveillance and application of the reforms and working in concert with the high commissioner previously referred to.

The principal reforms demanded are that the governors and vice governors of Van, Erzeroun, Sivas, Bitlis, Kharput and Trebizonde be Christian or Mussulman, according to how the population of these places be divided. In any case the governor or vice governor is to be a Christian. The note also suggests that such officials should first be approved by the powers.

In regard to the finances all the taxes are to be collected by local and not by state officials, and enough is to be retained before the money is forwarded to Constantinople to defray the cost of local administration. This is the exact opposite to the present system by which all taxes are first sent to Constantinople, from which city but little money returns to Armenia.

The judicial reforms proposed by the powers make radical changes in the present system, insure proper trials, the surveillance of prisons and the total abolition of torture.

The gendarmerie, or police, is to be composed equally of Turks and Christians, and the latter and Kurds are still to be retained in the notorious Hamidian cavalry, but they are not to be allowed to have arms except during drill. Finally the government is to strictly enforce the laws against compulsory conversions to Islam.

In many circles here it is contended that the foregoing reforms are quite inadequate, and that the abuses complained of by the Armenians will soon recommence.

The sultan read the note of the powers attentively, and his reception of it was not unfavorable. It is understood that he recognized that the proposals do not compromise his sovereign rights or dignity. He has had several conferences with the various ambassadors, and in a conference with Baron Calice, the Austrian ambassador, the latter strongly urged the sultan to acquiesce with the demands of the powers. The sultan was not offended and sent him a valuable present. His majesty appears to count upon the moral support of Emperor William of Germany, to whom he sent an autograph letter by Bertram Effendi, under secretary of the bureau of indirect taxation, who started for Berlin last Thursday.

FIRE AT CONEY ISLAND.

Over Fifty Buildings Are in Ashes and a Number of Families Are Homeless.

NEW YORK, May 17.—A fire which threatened to destroy several blocks in the most thickly populated section of Coney Island started yesterday in Feltman's dancing pavilion, and quickly spread to the adjoining buildings.

The fireboat Boody joined the firemen in the efforts to stop the progress of the flames, but to little advantage. A call for aid was sent to Sheepshead Bay, Parkville, Bensonhurst, Bath Beach and Brooklyn. The fire burned fiercely, and the efforts to prevent it from spreading farther met with no success.

Within a short time the O'Brien hotel, the St. Nicholas hotel, Stenbender's hotel and 15 small frame structures had been destroyed.

The flames then crossed Surf avenue and caught in the other block, which they threatened with destruction. Several engines of the Brooklyn fire department arrived about this time, and soon afterward the fire was gotten under control. Over 50 buildings, many being small ones, were destroyed. The total loss is about \$100,000.

The territory covered by the fire was bounded by Sea Beach walk, Maiden lane, Culver's walk and Surf avenue. A large number of families have been rendered homeless. They took refuge in the Sea Beach palace.

This is the third big fire that has visited Coney Island at the beginning of the season. The first two fires caused about \$100,000 damage each.

Death From Chloroform Poisoning.

PINE BLUFF, Ark., May 17.—Mrs. Kate Reed and her 3-year-old son, King Brewer, were found dead in bed yesterday morning from chloroform poisoning. Relatives claim the deaths were accidental. Mrs. Reed, who was a widow, married her present husband last October. Shortly afterward she was deserted by him, and ever since has been despondent.

Oil Still Runs High.

PITTSBURG, May 17.—There are no indications of weakness in the oil market, and the Standard Oil company continues to offer \$1.65 per barrel for crude. At Oil City the market opened Thursday at \$1.70 bid. On the Pittsburg exchange the oil market opened at \$1.78 bid.

In an exhaustive review of the present condition of trade in this country, a writer in the May Forum takes the stand that from now on trade may be expected to steadily improve. He says further that the profitability of agriculture is yet an unsettled factor in our problem. We do not know, and shall be able to judge only by the event, how far the present low prices for wheat and cotton afford a margin of profit for the cultivators. In any case much, very much, will depend upon the coming fall crops. If those are fairly good in all the different lines, there will be an accelerated trade movement in every direction.

THE News suggests Judge Arthur F. Curran, of Dover, for the Democratic nomination for Representative of this county. Judge Curran and Dr. Reed are the only ones yet mentioned in connection with the race.

MR. JOHN GROVER and Miss Florence Howard were married at the home of the bride's father Mr. William Howard, near Shannon, on Wednesday evening, May 15th, by the Rev. James Caywood of the M. E. Church, South. The Rev. Caywood is half-brother of the groom.

JOHN S. HOPPER, who lives near Mt. Gilead, is the defendant in a breach of promise suit filed at Flemingsburg by Lula Lee, formerly of Hillsboro. Hopper appealed to the courts to compel her to return his gold watch, and she then sued him for breach of promise of marriage.

THE Maysville and Lexington Turnpike Company's toll-house near Blue Licks was destroyed by fire one night this week. The loss is \$700, and it was insured in Duley & Baldwin's agency for \$500. It was occupied by Mrs. Elizabeth Hughes, who lost all her household goods. She had \$200 insurance in same agency.

THE restaurant outfit of B. H. Bramlett who assigned this week has been sold to George W. Rogers & Co. The premises have been leased to Peter Lutz who will move his restaurant thereto. The assets of Bramlett were appraised at \$479.46. The liabilities are about \$2,000. The liens alone are sufficient to consume more than twice the amount of assets, so the general creditors will get nothing.

WEDNESDAY, May 22nd, before the Hon. Charles R. Helm, Judge of the Campbell Circuit Court, a motion will be made to dissolve the injunction lately granted against the Fiscal Court of Bracken County and others, enjoining them from collecting the levy for court house purposes, or in any way interfering with the old court house. Hon. John B. Clarke represents Brooksville, while Mr. A. M. J. Cochran, of this city, and Judge George Doniphan, of Augusta, will represent the tax-payers.

A BOYLE County girl, aged 9, writes this composition on woman: "Boys are men that have not got as big as their papas, and girls are women that will be ladies by and by. Man was made before woman. When God looked at Adam he said to himself: 'Well, I think I can do better, if I try again.' And he made Eve. Boys are a trouble. They wear out everything but soap. If I had my way the world would be girls and the rest dolls. My papa is so nice that I think he must have been a little girl when he was a little boy."

DR. HAYS, pastor of the First Presbyterian Church, has been requested to assist in the ordination of elders and deacons in the Presbyterian Church at Murphysville next Sabbath morning, and for this reason will be absent. His pulpit will be occupied by Rev. Mr. Yonan Y. Arahnam, a native of Persia, who has recently graduated from the Western Theological Seminary of Allegheny, Pa., and who is now a regularly ordained minister in the Presbyterian Church. Mr. Arahnam anticipates returning to Persia this fall, and is spending the intervening time in lecturing on Persia and the missionary work in that country. His object in these is to awaken a missionary spirit in the churches, and a special interest in his native home. He is well spoken of by the churches he has visited and his lecture here will doubtless prove interesting. The only compensation Mr. Arahnam is receiving for his work is such a contribution as his audiences from time to time are disposed to make, and a collection for this purpose will be taken up at the close of his address next Sabbath morning.

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs. Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance. Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

Dover News: "It's a difficult matter to tell what boat will be the local packet in the Maysville trade these days. One morning it's the Vevay, the next the St. Lawrence, the day following some other boat, while these crafts are getting a new plank or two put on. Why don't they put in a good reliable packet, or quit expecting patronage?"

In May, 1852, forty-three years ago, the steamer Allegheny, in command of Captain Charles W. Batchelor, made the run from Louisville to Cincinnati in 9 hours and 50 minutes, beating the time of the Telegraph, which was the champion and carried the horns up to that date. The City of Louisville has lowered the time by eight minutes in her run of 9 hours and 42 minutes, and now stands without a rival.

The Flemingsburg Times-Democrat is authority for the statement that the contemplated change of time on the night train from Lexington to Maysville will not be made. The cause is said to be the fact that the C. and O. train from Louisville to Lexington, which it was proposed to connect with at 6:40 at the latter place, has been changed so as not to arrive at Lexington until some two hours later, making it entirely too late for the Maysville train to wait for it.

PERMITTED A NUISANCE.

The City of Covington Fined Four Thousand Dollars

The city of Covington got a taste of justice one day this week, when a jury returned a verdict against it for permitting a nuisance.

The case at issue was the indictment against the city for nuisance in the way of permitting loud-smelling, defective sewers. The jury, which was composed of representative citizens, fined the city \$4,000. Several of the jury wanted to make it \$8,000, while others insisted on \$10,000, but finally compromised on \$4,000.

The indictment was returned last October and the Council had been frequently warned by the City Solicitor of the importance of the case, but, as is the habit of Councils, took no steps to abate the evil. The burden, of course, falls on the taxpayers.

TREASURY AFFAIRS.

Actions of the Bond Syndicate Increase the Gold Reserve.

NEW YORK, May 17.—The demand upon the members of the Belmont-Morgan syndicate for the payment of the balance of the gold due by them is explained thus: The members of the syndicate agreed to provide \$2 in gold for every dollar of bonds allotted to them.

Three-quarters of the gold called for had been paid in up to Monday last, when a demand was made for the remaining fourth, about \$15,000,000. This gold is being put into the treasury for counting and weighing, but will not become an asset of the government until the bond syndicate makes a demand for legal tenders, in exchange for which will likely be done after its exact value is determined by the treasury's count.

It is stated by a member of the syndicate that it has already imported about \$13,000,000 in gold, leaving \$10,500,000 still to be obtained from abroad and until this gold is brought in the remaining half of the bonds due the syndicate under its contract will not be delivered by the government. The syndicate can not be compelled to import gold at the rate of more than \$3,500,000 monthly.

It is understood that the treasury department will deliver to the syndicate the bonds still due in London, and the belief is that Assistant Secretary of the Treasury Curtis, accompanied by other employees of that department, will leave for London next month to make the delivery of the bonds.

Gold Reserve Increased.

WASHINGTON, May 17.—The gold reserve yesterday amounted to \$97,043,114, an increase since the day before of \$914,293. Of the increase \$750,000 was deposited by the bond syndicate, \$25,000 was exchanged at Boston for small United States notes and \$20,000 exchanged at Philadelphia for silver certificates. The remainder was taken in at the several subtreasuries and assay offices. During the last few days there has been a heavy demand for small notes, \$1, \$2 and \$5, which the officials are unable to account for. The available cash balance was \$182,506,311.

SHIPPING WHEAT WEST.

Chicago Now Supplying Kansas and the Southwest.

KANSAS CITY, May 17.—Wheat sold in Kansas City yesterday at 75 cents a bushel, an advance of nearly 30 cents from the extreme low price reached last fall. So scarce has wheat become in the southwest, and so high have prices gotten that wheat was bought in Chicago yesterday for shipment to this city. A special rate of 13-1/2 cents a hundred weight has been made for the purpose, and it is expected that a good deal of wheat will be brought here from Chicago.

The wheat supply of the southwest has become almost wholly exhausted, and crop prospects are so poor that the few who possess wheat are disposed to hold to it. There are about 300,000 bushels in Kansas City elevators, but very little of it is for sale at any price. Chicago has over 20,000,000 bushels in store, and mills all over the central, west and southwest have been compelled to go to that city for supplies—doubtless buying back in some cases the very wheat which was shipped to Chicago from their localities last fall when wheat was cheap.

The possibility of shipping wheat from Chicago to Kansas City has been talked of for some time past. It has now become an actual occurrence, and it is a thing which never happened before since Kansas began to raise wheat for the west.

More Witnesses Against Durant.

SAN FRANCISCO, May 17.—The police are said to have found several more witnesses who will testify against Theodore Durant at his forthcoming trial in the superior court. One of these, Miss Willis, will say that some time before Blanch Lamont's murder Miss Willis asked Durant, in his capacity of church librarian, for a book from the church library. He escorted her thither, left the room a few minutes and returned entirely nude. The young woman made her escape with difficulty. Similar conduct would explain the absence of bloodstains on Durant's clothing after Minnie Williams was murdered.

Saved the Carpet.

BIRMINGHAM, Ala., May 17.—William DeChamp, manager of the Southern Railway News company at Decatur, locked himself in his office yesterday and cut his throat from ear to ear. When found his head was lying across a bucket, into which the blood had flowed, nearly filling it. He seems to have adopted this method to prevent staining the carpet. DeChamp had been despondent for some time and his conduct was peculiar. He was 45 years old.

Senator Hill Silent on Silver.

NEW YORK, May 17.—In regard to the statement that Senator David B. Hill has written a letter to be read before the Illinois Democratic state convention next month, advocating the free coinage of silver, Senator Hill said Thursday: "I have not written a letter on the silver question within three years."

Fee and Salary Law Killed.

INDIANAPOLIS, May 17.—The supreme court has overruled the motion made by the attorney general for a modification of the opinion in the fee and salary case. This cuts off relief for county treasurers, who can only receive such compensation as is allowed them by the county commissioners.

Columbia Wants the Mosquito Territory.

COLON, Columbia, May 17.—The republic of Columbia is preparing to set forth its claims to the Mosquito territory of Nicaragua, over which Great Britain recently relinquished her protectorate. It is asserted that the claims of Columbia ante date those of Great Britain.

Endorsed Nash.

COLUMBUS, O., May 17.—A Franklin county mass meeting Thursday endorsed George K. Nash of Columbus as a Republican candidate for governor. He is regarded here as a leading candidate.

Amusements.

Next Monday the blare of trumpets and the crash of cymbals will awake our citizens to a realization of the fact that a real live circus is in our midst. The boys in spangles will disport themselves and the clowns will again inaugurate a season of merriment. The dispenser of red lemonade will be in his glory, and the smell of the sawdust arena will permeate the air. Mr. Klumme assures us of many innovations and new features. Don't forget the opening next Monday.

THE TRIUMPH OF LOVE

IS HAPPY, FRUITFUL MARRIAGE.

Every Man Who Would Know the Grand Truths, the Plain Facts, the New Discoveries of Medical Science as Applied to Married Life, Who Would Atone for Past Errors and Avoid Future Pitfalls, Should Secure the Wonderful Little Book Called "Complete Manhood, and How to Attain It."

"Here at last is information from a high medical source that must work wonders with this generation of men."
"The book fully describes a method by which to attain full vigor and manly power."
"A method by which to end all unnatural drains on the system."

To cure nervousness, lack of self-control, despondency, &c.
To exchange a faded and worn nature for one of brightness, buoyancy and power.
To cure forever effects of excesses, overwork, worry, &c.
To give full strength, development and tone to every portion and organ of the body.
Age no barrier. Failure impossible. Two thousand references.

The book is purely medical and scientific, useless to curiosity seekers, invaluable to men only who need it.
A despairing man, who had applied to us, soon after wrote:
"Well, I tell you that first day is one I'll never forget. I just bubbled with joy. I wanted to hug everybody and tell them my old self had died yesterday and my new self was born to-day. Why didn't you tell me when I first wrote that I would find it this way?"

And another thus:
"If you dumped a cart load of gold at my feet it would not bring such gladness into my life as your method has done."
Write to the ERIB MEDICAL COMPANY, Buffalo, N. Y., and ask for the little book called "COMPLETE MANHOOD." Refer to this paper, and the company promises to send the book, in sealed envelope, without any marks, and entirely free, until it is well introduced.

A Virginia Seashore Party.

The Eckert-Stewart personally conducted tour to the seashore will leave Cincinnati on the F. F. V., C. and O. railway, at 12 noon, June 11th. Luncheon will be served immediately on leaving, and supper will also be taken in the dining cars for which this line is famous. A stop will be made at Richmond for a carriage drive to points of interest, after which the party will go to Old Point to sail, fish, dance and enjoy life for eight days at the Hygeia. Thence by boat on the Chesapeake Bay and Potomac River to Washington, where a delightful drive about the National capital will be enjoyed; returning home from Washington direct. The tickets will include all expenses. For programmes and full information address C. B. Ryan, A. G. P. A., Cincinnati.

REGULAR meeting of Joe Heiser Post, G. A. R., May 18th. A full attendance requested. Business of importance.

J. H. WRIGHT, Commander.

If there are any relatives of Thomas Kittrell in Maysville or a member or relative of the family of that name, they are requested to send their address to Mrs. T. M. Kittrell, Rapid City, South Dakota. Thomas Kittrell died in that city April 3rd, of pneumonia, aged fifty years. He probably lived here or in this city at one time as his wife writes to Postmaster Chenoweth for the address of his relatives.
